CHARGES FOR ITEMS RETURNED TO US

Unfortunately we have had to introduce a handling charge for returns where items have been supplied as
ordered and then returned for refund. This has been increased, due to Bank charges, to 6% of the goods
value, and returns MUST be accompanied by either a copy of our original invoice, a document
number or other details of when goods were supplied.

When ordering it would be appreciated if details such as model, engine size, year of
manufacture, and gearbox type are quoted, if relevant, as it can be helpful to ensure you get the correct
part. **Check part numbers ordered with a spares manual for your particular motorcycle, and
quote reference numbers for specially numbered items such as kits, as per our list, whether
ordering by phone or order form. Costs will be charged for exchange items wrongly ordered.**

Prices shown on this list include VAT at current rates, and are current only at date shown
and may be subject to changes.

Visitors are welcome Monday to Thursday 9.00am until 5.00pm, a location map is shown on the web page

PLEASE NOTE - We do NOT accept orders by e-mail, except by prior agreement,
please do not send details this way especially card details.
